Instruction:

- 1) The ProgMods tab can be copied (as required) to create multiple ProgMods tabs, according to the programming module in the study
- 2) Update the "Title" of the ProgMods to be descriptive (e.g. 5A.Baseline Characteristics)
- 3) List the newly added ProgMods tab(s) in Section C of the Cover tab
- 4) Delete any examples in grey italic text that are not relevant/applicable to the study once the programming specification has been finalized
